THE CITY OF
GREATER GEELONG

PET HOLIDAY IDENTIFICATION PROGRAM

On holiday in Geelong with your dog or cat?

The City of Greater Geelong is offering free identification tags for pets visiting our region over summer.

Dogs and cats can easily become lost when they are away from home.

While your pet's registration and microchip* might help return your pet quickly when you're at home, this process doesn't always work well if you're away.

Help us reunite lost pets with their family by collecting your free identification tag from one of the locations below.

The free pet holiday identification program is available to all pet owners whose home address is outside of the City of Greater Geelong.

Local residents should ensure their pet is registered and wearing their registration disc at all times.

**Be sure to keep your pet's microchip details up-to-date when you move house or if you transfer ownership.*
